Year
1921

3800 Rookwood Avenue
Indianapolis, Indiana

IN SENDING YOU our price list for 1921, we do so with the assurance that we will do our utmost to give you the highest grade of stock possible, to the end that you shall find your dealings with us highly profitable and satisfactory in every way. Our stock is in prime condition.

In this list you will find a number of new varieties catalogued. We offer them after very careful and thorough testing and suggest that you give them a fair trial under your cultural conditions, adding to your list those that take kindly to your treatment.

We pack carefully and guarantee full count. In the absence of specific shipping instructions, we will exercise our discretion as to the best manner of forwarding. If shipments arrive in damaged condition, accept them as damaged goods and file claim immediately with the forwarding company, advising us at once of your action.

BAUR & STEINKAMP.

“Harvester”

A cross between White Wonder and Matchless. In making this cross, we figured that if we could transmit the speed of White Wonder to Matchless it would effect a great improvement. The result really exceeded our expectations, because not only did we secure the speed of White Wonder, but we have also eliminated the pink shading so often seen in Matchless. We believe that you will find in “Harvester,” the all-season white you have been seeking. No more need to grow one variety because it comes into crop quickly and another variety on account of its being better later on. “Harvester” will fill the bill from one end of the season to the other. It propagates easy and makes a fine plant in the field.

\$15.00 per 100; \$120.00 per 1000.

“Edna”

THIS is Nic Zweifel's new scarlet. When we took this fine scarlet over for the purpose of dissemination, we did so after having grown it here a whole season. During this season of test, it stood up so well that we unhesitatingly recommend it to our patrons. It is healthy. It propagates easy. It makes a fine plant. It blooms early and freely. It is always a bright scarlet. It has a good stem. It does not split the calyx and it keeps exceptionally well. We have never seen so many good points combined in a scarlet carnation. The longer we grow Edna the better we like it.

\$15.00 per 100; \$120.00 per 1000.

“Maine Sunshine”

YELLOW carnations always sell. The floral artist will find so many uses for pure yellow carnation blooms like “Maine Sunshine” that no grower need entertain any fear of not being able to dispose of the blooms from a liberal planting. Besides being pure yellow in color, free from any other color, the blooms are large and well formed. They are carried on strong stems and the calyx does not split. We have a bed planted with a thousand plants. They are proving so highly satisfactory, commercially, that we will plant it in much larger quantity next season. It is undoubtedly the best yellow ever disseminated. All orders for this variety will be shipped from Biddeford.

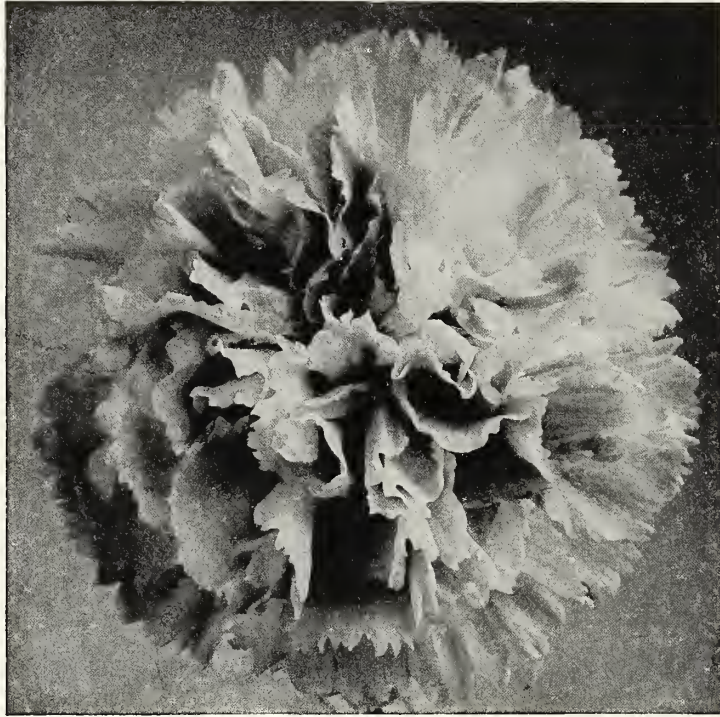

\$15.00 per 100; \$120.00 per 1000.

“Laddie”

ONE of the most remarkable carnations ever introduced. The demand for this variety has never been satisfied. The large blooms on long, stiff stems, command the highest prices. Beautiful rosy salmon in color.

\$10.00 per 100; \$90.00 per 1000.

“Ruth Baur”

OUR last seasons introduction. Reports are coming in from all directions, praising this variety. Its strong growth and beautiful color are quickly establishing it as a favorite. A pure light pink of lasting quality.

\$10.00 per 100; \$90.00 per 1000.

Standard Varieties of Carnations

White Wonder. Grown largely on account of its coming into crop quickly after being benched. Produces large blooms on long stems, and blooms freely.

White Enchantress. Favored by many on account of its easy culture, being the same as the other members of the Enchantress family.

Matchless. Grown probably in larger quantity than any other white today. Should not be topped too late.

Enchantress Supreme. The standard flesh pink, and should be on every place where carnations are grown.

Rose Pink Enchantress. Like the other two Enchantress offsprings, it is hard to beat as a variety for the general grower.

Mrs. C. W. Ward. Those who do this variety well, find no difficulty

in disposing of the blooms. Always a favorite in the cut flower markets. The ideal medium pink in color.

Rosalia. Deep cerise. Not as free as some, but every flower a perfect beauty. Practically no seconds. A fine keeper and profitable where quality counts.

Beacon. The old standard red.

Merry Christmas. For several years our favorite scarlet. Comes early, has a fine color, large in size and produces long, strong stems.

Bernice. A free flowering crimson. A good keeper after cool weather sets in. Fine color and good stems.

Benora. The only variegated we have today. Free flowering and high in quality. Flowers are perfect in form and beautiful in coloring.

\$6.00 per 100; \$50.00 per 1000

Chrysanthemums

WE have gone into the raising of Chrysanthemum seedlings and have many promising sorts under test, which we will offer as fast as they "prove up" and sufficient stock can be worked up. There is always room for improvement.

"Glorious"

THE illustration gives a good idea of the form and general makeup of the bloom. The color is a beautiful shade of even pink. Large in size and borne on strong stems which are well clothed with foliage. Blooms about the last week in October and grows four feet from June planting. Take the terminal bud.

\$25.00 per 100; \$200.00 per 1000.

“Thanksgiving Pink”

HERE is a variety for which there will be a heavy demand. Will be planted in quantity as a companion to the Eatons and Chadwicks, for Thanksgiving cutting. Will stand the handling in the wholesale markets and come up smiling. Bright deep pink of even shade, which holds its brightness. Grows four feet from June planting and produces as near one hundred per cent. perfect blooms as any variety we know of. Perfect stem and foliage. Take terminal bud.

\$25.00 per 100; \$200.00 per 1000.

Standard Varieties of "Mums"

Our list of standard varieties covers the season in each color. They bloom in the order named.

| <i>White</i> | <i>Yellow</i> | <i>Pink</i> |
|------------------|------------------|----------------|
| CRYSTAL GEM | COMOLETA | UNAKA |
| OCONTO | TIGER | HARBINGER |
| MRS. CHAS. RAGER | RICHMOND | PANDORA |
| WM. TURNER | SUN-GLOW | TOKIO |
| JOSEPHINE FOLEY | LENA BAUM | PROGRESS |
| LYNNWOOD HALL | YELLOW TURNER | CHIEFTAIN |
| AUTOCRAT | WHITTIER | MAUD DEAN |
| HAMB. LATE WHITE | DOLLY DIMPLE | FALL BEAUTY |
| MISTLETOE | NAGOYA | MRS. SEIDEWITZ |
| | GOLDEN MISTLETOE | |
| | <i>Red</i> | |
| | HARVARD | |

Rooted cuttings\$3.50 per 100; \$30.00 per 1000.
Potted plants\$5.00 per 100; \$40.00 per 1000.

Pompons

| | |
|---------------------|----------------------|
| LILIAN DOTY—Pink | LILLIA—Bronze |
| WHITE DOTY—White | GOLDEN CLIMAX—Yellow |
| SOLEIL DE OR—Bronze | BABY—Small Yellow |
| ACTO—Pink | WESTERN BEAUTY—Pink |
| FLORA—Red | F. WILCOX—Bronze |
| RUFUS—Bronze | SUNSHINE—Yellow |

Rooted cuttings\$3.50 per 100; \$30.00 per 1000.
Potted plants\$5.00 per 100; \$40.00 per 1000.

“Poinsettias”

We have reduced the propagation of this plant down to science. We root them as readily as coleus and our stock is famed for its sturdiness. We have a large stock. Get your order in early.

\$8.00 per 100; \$75.00 per 1000.

Geraniums

These are all splendid bedding varieties.
